

IN HOME GATHERINGS

As we navigate this unique season of social distancing, Cottonwood is committed to building a church where we know each other's names and can grow together in SAFE, STRETCHING, and SPRITUAL groups. We are doing this by creating places of worship within our homes via Watch Parties!

Watch Parties are groups of 10 or less people gathering together to worship + watch the weekend service together.

We want to take safe steps to gathering in community. Please read through the following guidelines in order to be prepared for your weekly Watch Party.

BEFORE COMING TOGETHER

- Watch Parties do involve teachings, so please ensure there is access to a means of watching the weekend service
- Note: Watch Parties should last approximately 60-90 mins
- The host should clean and disinfect all frequently touched surfaces (i.e. door knobs, light switches, faucets, countertops etc.) and communal areas (i.e. living area, kitchen, bathrooms)
- Please read and remind everyone to review the [Safety + Sanitation Guidelines](#) below
